GUIDE INDICE COMMERCIAL CANADIEN

2ème PARTIE

Commençant à la page 273, sur papier vert, se trouvent les noms et les adresses des manufacturiers.

3ème PARTIE

Commençant à la page 509, se trouve une liste alphabétique des articles fabriqués au Canada, donnant les noms de toutes les maisons qui les fabriquent.
Le mot principal en anglais est ordinairement placé le premier, suivi d'une phrase le modifiant, p.e.: Quincaillerie, de construction: Cuir, coupe de bottines et chaussures. Mais, quand l'inversion ne semble pas faisable le mot modifiant est placé le premier, et est ainsi arrangé dans la liste alphabétique, p.e.: Mécanisme de piano—Piano hammers; Shoe packs—Chaussures en cuir tanné à l'huile. En cas de doute on peut essayer les deux méthodes. Quand deux noms ou plus sont communément employés pour le même article, nous avons essayé de donner des explications vis-à-vis. Quand on désire l'adresse de la rue, voir la 2ème Partie, commençant à la page 273. Les noms des fabricants qui font ou sont intéressés dans le commerce d'exportation sont indiqués par un astérisque★.

4ème PARTIE

Commençant à la page 1016, la Section Spéciale indique les noms des exportateurs principaux des produits de la ferme, etc. La traduction française se trouve au revers.

5ème PARTIE

A la page F-1 sur papier vert, la Section de Traduction Française commence. Les noms des articles donnés dans l'Indice Français sont suivis par leur équivalent en anglais, et l'équivalent anglais se trouve placé alphabétiquement dans la 3ème Partie.

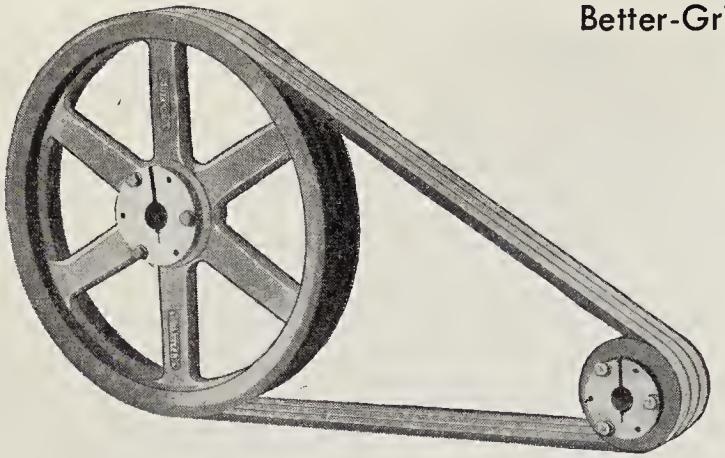
Canadians, more than any other people, benefit from electric power. Abundant low-cost electricity is one of the important reasons for so many busy factories . . . greater production of goods . . . and better paying jobs. In offices, on farms, and in homes, everywhere, electric power makes life easier and more enjoyable.

What Does LBE Mean to You?



LBE stands for "Live Better . . . Electrically", and these words have a very real meaning behind them.

In the home, for example, planned lighting brings new charm and cheerfulness to every room. Modern appliances in the kitchen and laundry save time and toil. Other appliances contribute to our leisure and entertainment. Automatic heating and air conditioning add to our comfort. There probably isn't an area in your home that cannot be equipped electrically to give *more* convenience, *more* comfort, and *more* service.

In home, office or factory the first essential is an up-to-date wiring system — to get the best results from the electrical products now in use, and provide for those you expect to acquire. Your local power company, your provincial Electric Service League, or any qualified electrical contractor will be glad to provide expert advice and help you to plan to "Live Better . . . Electrically".

Upper Leather Manufacturers For Over 100 Years

Before year's end, this book should be more extensively thumbed than any other publication in your office. And because you will use it often — and profitably — painstaking care has gone into the editing and compilation of it. The materials used in its printing and binding were selected for durability and readability.

Use it well; use it often.
